

LEARN KNIT FLOWERS

by
Sue Enticknap and Richard Dykes

Knit flowers

Learn to knit floral applique

Knit flowers

Inspirational directions and sketchbook ideas all worked on standard gg single bed knit machine

This course includes:

- Teardrop petal shape
- Circular floral
- Long and short petal
- Leaf and stalk shapes
- Applique techniques
- Simple embroidery detail
- Floral hem technique
- Crazy floral patchwork
- 3D floral
- Rouleaux flower
- Floral sweater (front cover)

Beginner level

'I have learnt so many things!!' *Mari (Japan)*

Inspiration

Flowers have inspired textile designers throughout history. You can look at real flowers for your creations or re-interpret existing floral motifs. In the studio we look at every kind of flower and leaf as well as vintage prints, fabric corsages and ceramics, but there is no limit!

Porcelain florals

A paper flower

Florals are easy to adapt to classic or contemporary looks depending on your choice of colour and placement. Working in one colour tends to look more timeless and sophisticated whereas multi colour can be more fun and can look great for childrenswear and playful accessories.

The techniques for these effects are very simple and only use the basic single bed domestic machine.

Floral scrapbook inspiration

Floral photography inspiration

1940's felt flower brooch, this has great shapes and centre detail

Chinese silk shawl with stylized embroidery to work into knit shapes

Simple 5 petal flower and leaf

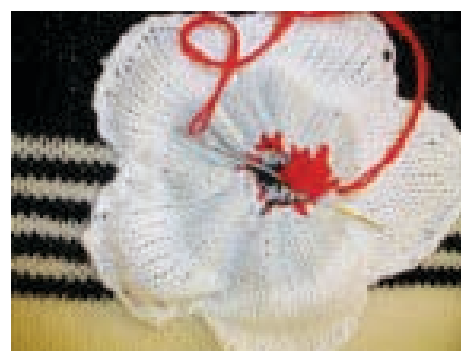

Petal

- e-wrap 8sts knit 2r in white
- Inc 1st every 2r until you have 12sts
- Knit 12r no shaping
- Change colour to grey knit 10r no shaping
- Transfer all the sts onto 3 needles, knit 1r and cast off
- Repeat for 5 petals

Flower

- Sew up the petals
- Sew the motif onto your background
- Add simple embroidery in contrast yarn

Leaves

- e-wrap 3sts
- Knit 2r then inc 1st ev 2r
- Knit 14r no shaping
- Dec 1st ev 1r to 3sts
- Cast off

This is the same shape worked in a colour variation in lambswool.

Ceramic flower

Antique linen showing really simple but effective embroidery details and great use of colour.

Ethnic embroidery showing bold, abstract shapes easily translated into knit.

Long petal in 2 sizes

To make a 6 petal flower with long petals/ large size

- e-wrap 8sts knit 2r in grey
- Inc 1st ev 2r until you have 12sts
- Knit 14r no shaping
- Change colour to cream, knit 6r
- Dec 1st ev 2r to 4sts
- Change colour to black, dec 1st ev 2r

To make the small size

- e-wrap 4sts knit 2r in grey
- Inc 1st ev 2r to 8sts
- Knit 4r
- Change colour to cream knit 6r
- Dec 1st ev 2r to 4sts
- Change colour to black, dec 1st ev 2r

Add simple hand stitches to the central detail

This example is the same flower shape in 3 sizes

Round flowers in lambswool placed on a neckline

Round flowers

- e-wrap 8sts
- Knit 40r
- Pick up the sts from the first r and cast off...

- ...to make one of these

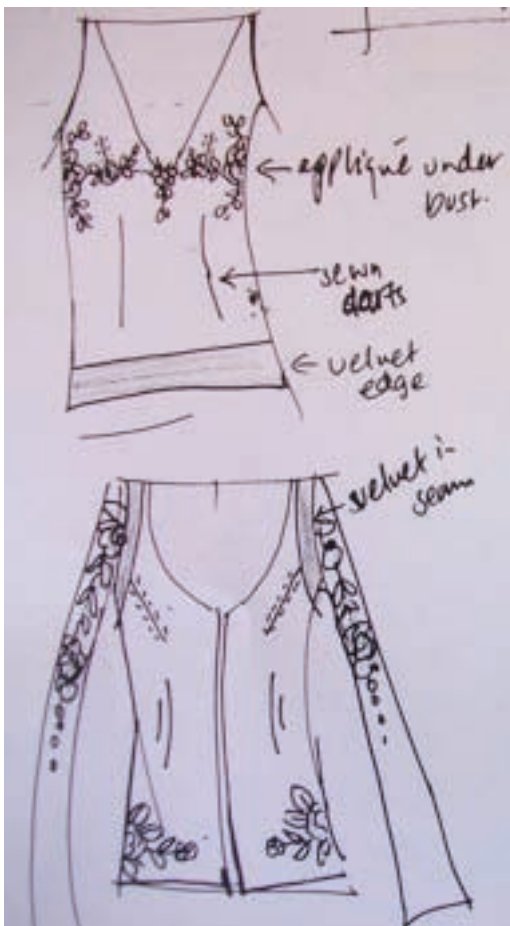

- The next step is to steam iron the 'tube'
- Gather all the sts at one end with matching yarn on a sewing needle and pull tight
- This will then form the circle
- Using a foundation crochet stitch work around the perimeter in contrast yarn
- The leaves are the same shape as instructions on page 7
- Use contrast yarn to hand stitch the details, we used French knots for the flower centers

This method looks good for necklines, hems and scarf edges.

The same shape can also be used on the purl side of the circle, like this, so that the curl of the fabric forms a 'lip' and the flowers look more 3D

Sketchbook

Neckline placement

Teardrop lily

- e-wrap 3sts knit 2r
 - Inc 1st ev 2r until you have 11sts
 - Knit 8r no shaping
 - Transfer all sts onto 3 needles
 - Knit 1r
 - Transfer all sts onto 1 needle and cast off
 - Repeat for 5 petals
-
- to add the contrast detail work a blanket stitch around each petal

To make the stamens

- e-wrap 2sts and knit 14r
- Cast off. Using thicker yarn hand stitch the contrast tip

Victorian 'patchwork' ceramic

Patchwork floral

This idea is based on 'crazy' patchwork from the Victorian period when fabric scraps were pieced together in a random pattern.

- Start by making the flower from page 5
- Then hang one of the petals back onto the m/c and knit a stripe section

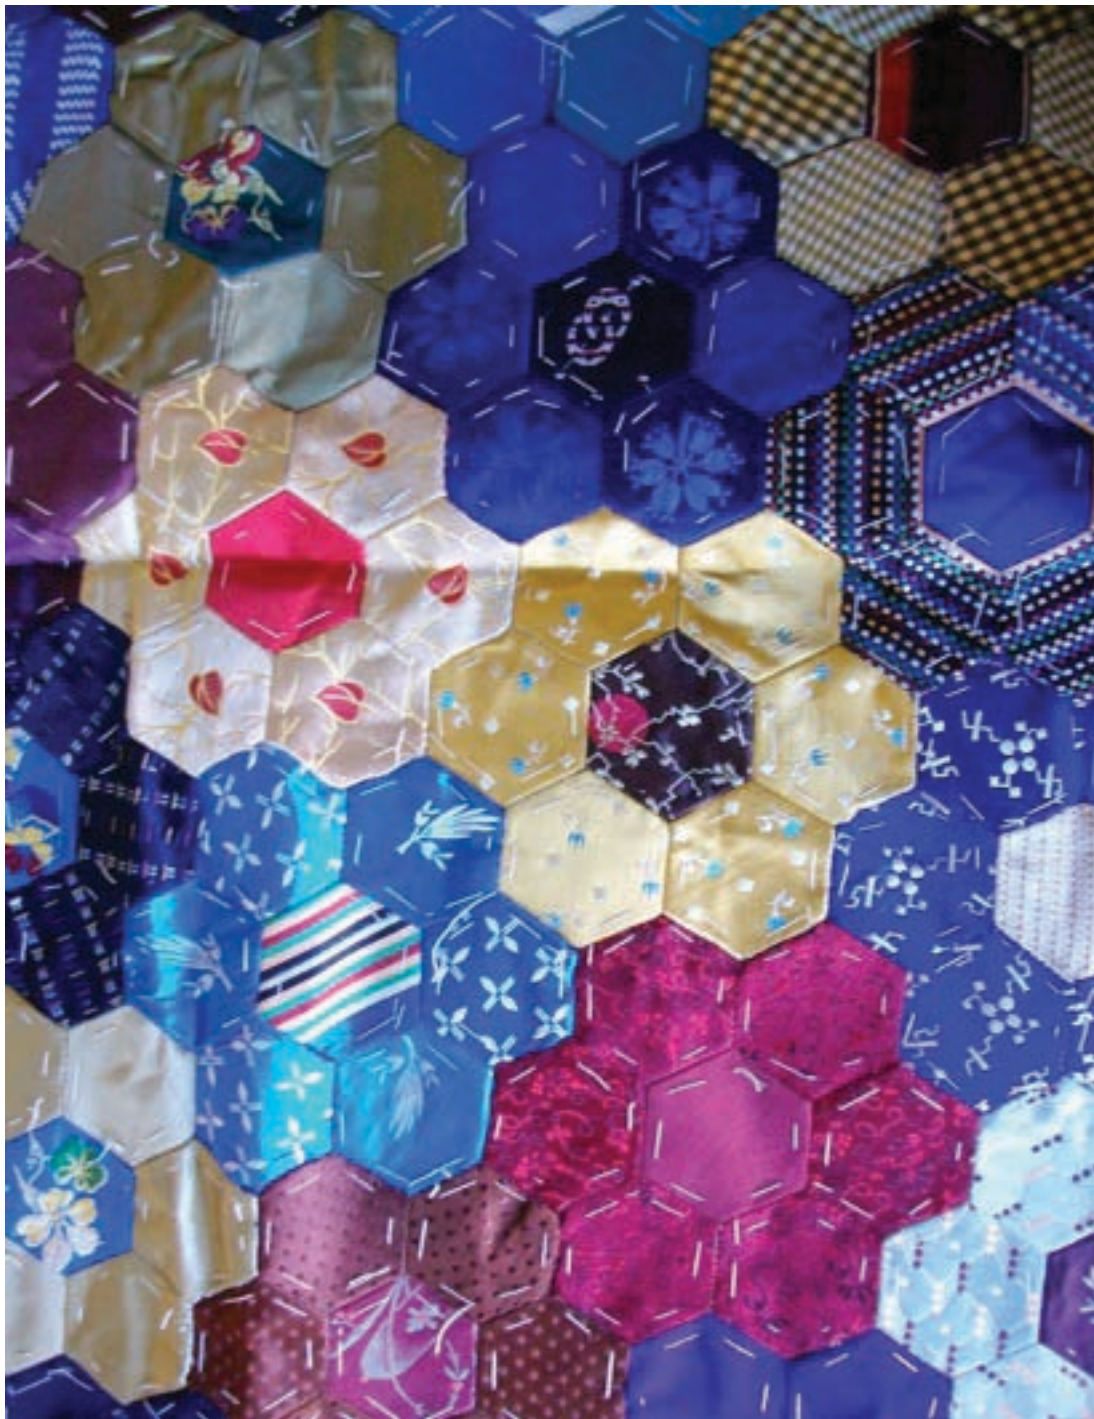

- Hang that piece on the and m/c on a different edge and knit another section

- Add a flower from page 9
- Add circle flowers and keep the piece 'growing'!

Patchwork inspiration

All over rouleaux floral in lambswool

To make a rouleaux flower

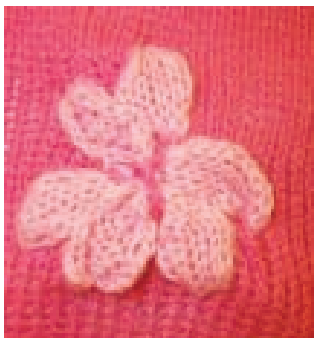

- e-wrap 6 sts
- Knit approx 20 cm
- Cast off

- Make several 'rouleaux' like this in various colours

- Use the rouleaux like a thread and thread it onto a large-eyed needle

- Sew it through the fabric in a flower shape
- Flatten out the rouleaux with small sewing stitches in self colour

Sketchbook

Think about placement of your design and how the background will effect the look. Try to keep a sketchbook of possibilities.

To make a floral hem

Start by making a variety of flower and leaf shapes from the previous pages

Decide the arrangement you would like.

This can also look great for the edges of scarves and also works well for the front centre edge of a cardigan.

- Hang each motif onto the m/c like this
- Use every other needle
- If you have gaps between motifs e-wrap those needles

- Knit 1r across then bring all the needles into action then knit all needles

- This shows the front of the motifs

To add leaves, stalks and dangly bits

- Hang the sts onto the m/c
- Knit on a new stalk or leaf and cast off

Cover sweater

We used a basic black sweater (pattern opposite) as a base to apply motifs onto. We have used various petal shapes and colours also including leaves and buds to add interest. All the motifs are worked in the same lambswool quality as the sweater so that the piece feels and moves as one fabric.

BASIC SWEATER

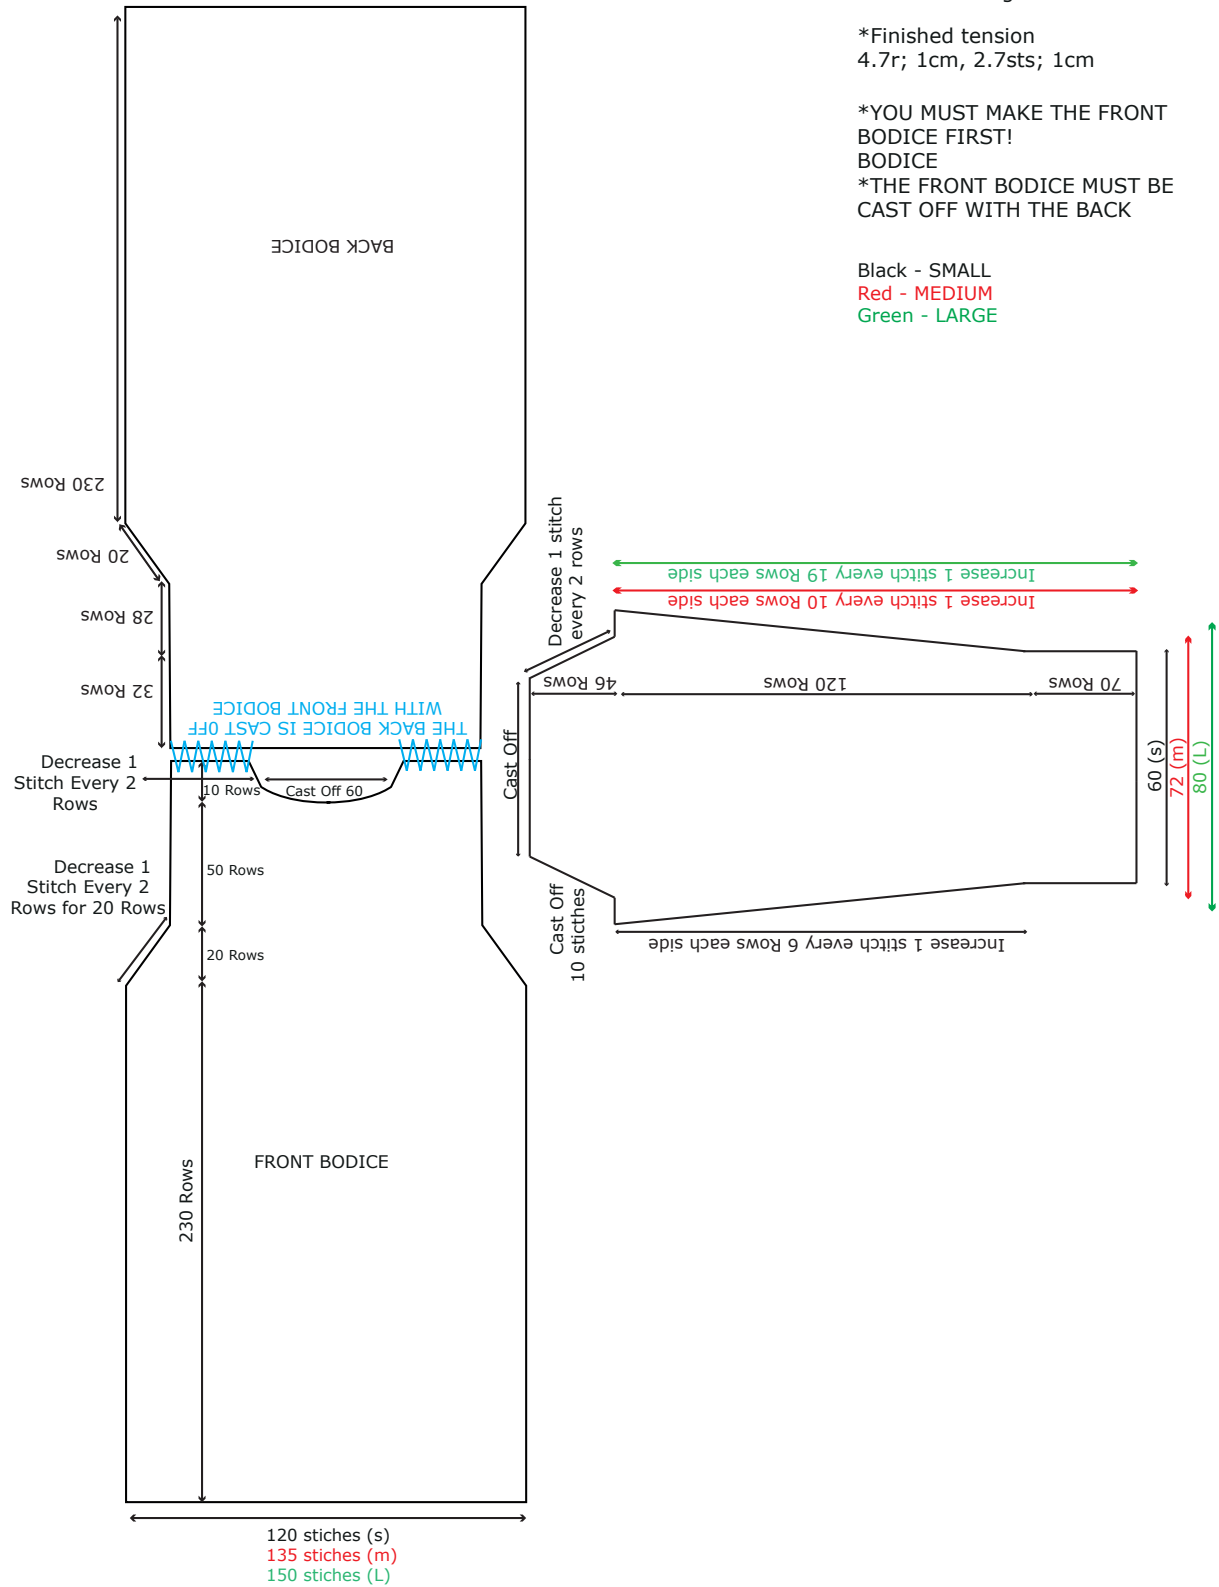

*Knitted on a 5g Machine,
Plain Knit using Tension 8

*Finished tension
4.7r; 1cm, 2.7sts; 1cm

*YOU MUST MAKE THE FRONT
BODICE FIRST!

*THE FRONT BODICE MUST BE
CAST OFF WITH THE BACK

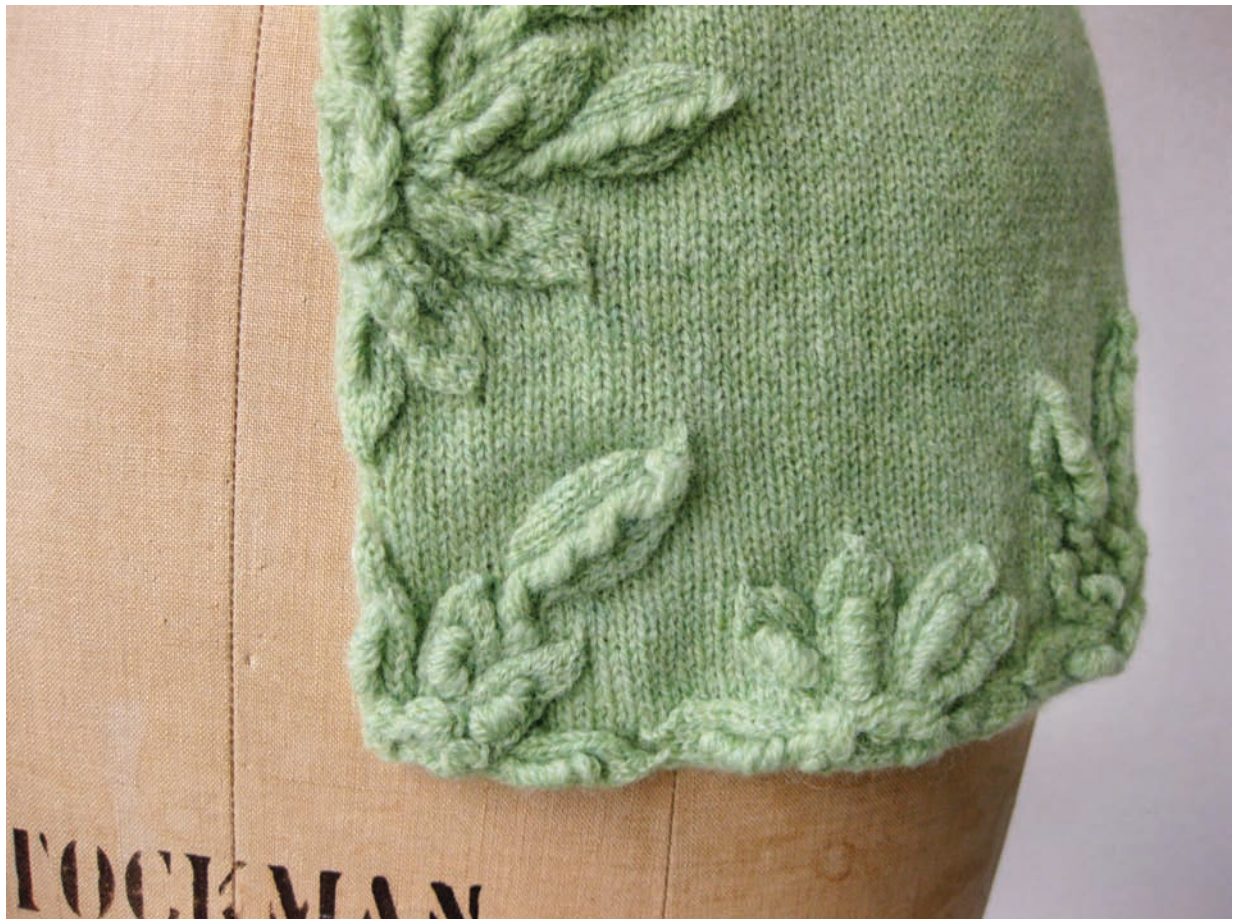

Black - SMALL
Red - MEDIUM
Green - LARGE

Glossary

- Sts stitches
- R rows
- m/c machine
- e-wrap cast on method for finished edge loop yarn around needles from left to right making the shape of a lower case e around each needle while the needles are in E position and the carriage is on the right
- dec decrease stitches
- inc increase stitches

Profile

The business was set up in 1992 by Richard Dykes and Sue Enticknap and worked to become established as one of the top fashion textile design companies, selling to the industry at all levels of the market.

For 20 years we have designed and made our copyrighted one-off creative designs. We have an extensive range of customers and hence we are constantly working with the fashion industry worldwide.

As directors of Knit-1 Ltd we are dedicated to supplying our customers with ever changing, beautiful and original fashion textiles incorporating the best quality of design, make and finish.

It is this level of professional expertise that has enabled the company to uniquely offer a wide range of intensive machine knit, embroidery and print courses taken at our premises as design workshops, also offering downloads and books available online. See our dedicated website (www.knitdesigncourses.com). Furthermore we have developed download courses available at our shop and fully translated at our newly created German language website (www.strickdesignkurse.de).
