GLOVE

pattern and instructions

Tension 32sts/10cm, 44r/10cm

Dec 1sts ev r
for the last 4r

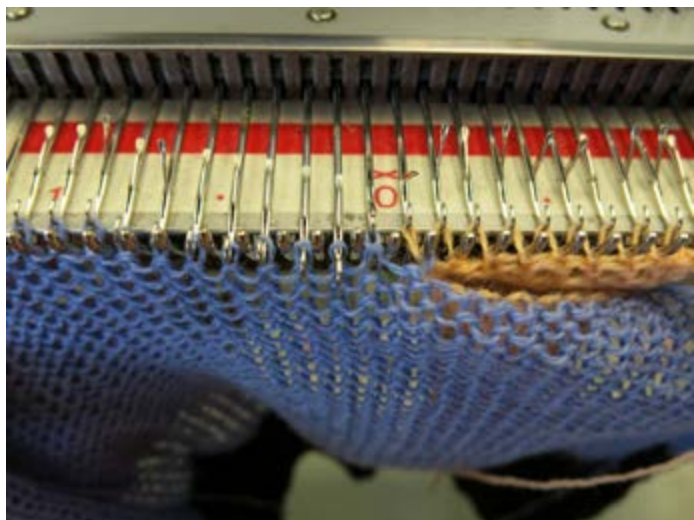

Cast 64 stitches on the ribber and make a rib. Hang it stitch by stitch to the single bed machine.

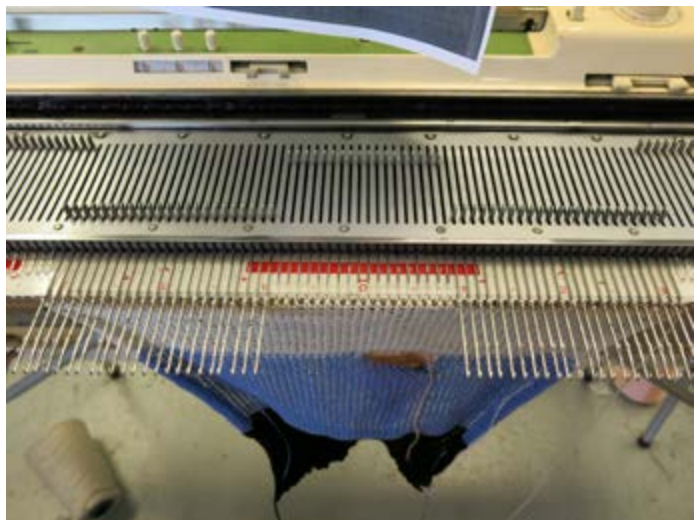

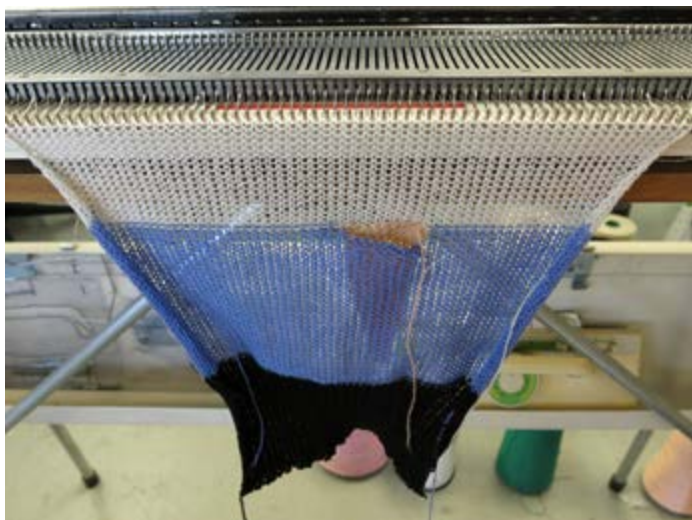

Knit the lower palm section (light blue, 33 rows). Hold half of the needles and take the other half off on waste yarn. This section is going to be on the back side of the hand.

e-wrap 10 sts and put 10 sts from the middle into action from the section still hanging on the machine. Leave the other stitches on hold. Knit the thumb section. Decrease 1 sts ev r for the last 4 rows to create the shaping to the tip of the finger. Cast the thumb section (12 sts) off.

Fold the thumb section in half (purl sides against each other) and hang the e-wrap edge on the needles. Rehang the half you took off on waste yarn. You should still be working on 64 stitches.

Knit the part for the top of the palm. Hold 23 needles on each side. The 18 needles in knitting position will make the index finger. Repeat the same shaping as for the thumb and cast off.

Take the 23 needles on left side off on waste yarn and rehang right next to the other 23 needles to close the gap. Again put all on hold apart from the middle 16 needles that will make the middle finger. Knit the middle finger section, repeat the shaping again and cast off.

Drop the middle finger section back and rehang the raw stitches to fill the gap. Knit the ring finger section while holding the rest of the needles. Make the shaping in the tip of the section and cast off.

Hang up the remaining stitches and knit the little finger section. Make the shaping in the tip of the section and cast off.

Sew all seams and weave the ends in. Wash with soap and dry.

Design variations

2 by 2 stripes with double length rib of 80r.

Colourful 4 by 4 stripes with double length rib of 80r.

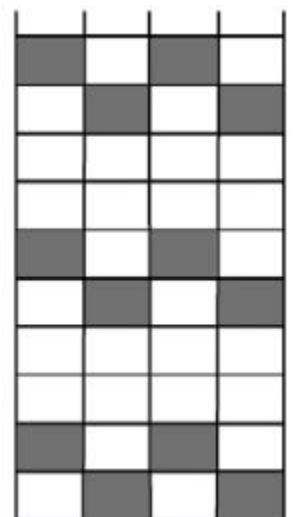

Fingerless gloves with colour blocks with double length rib of 80r.

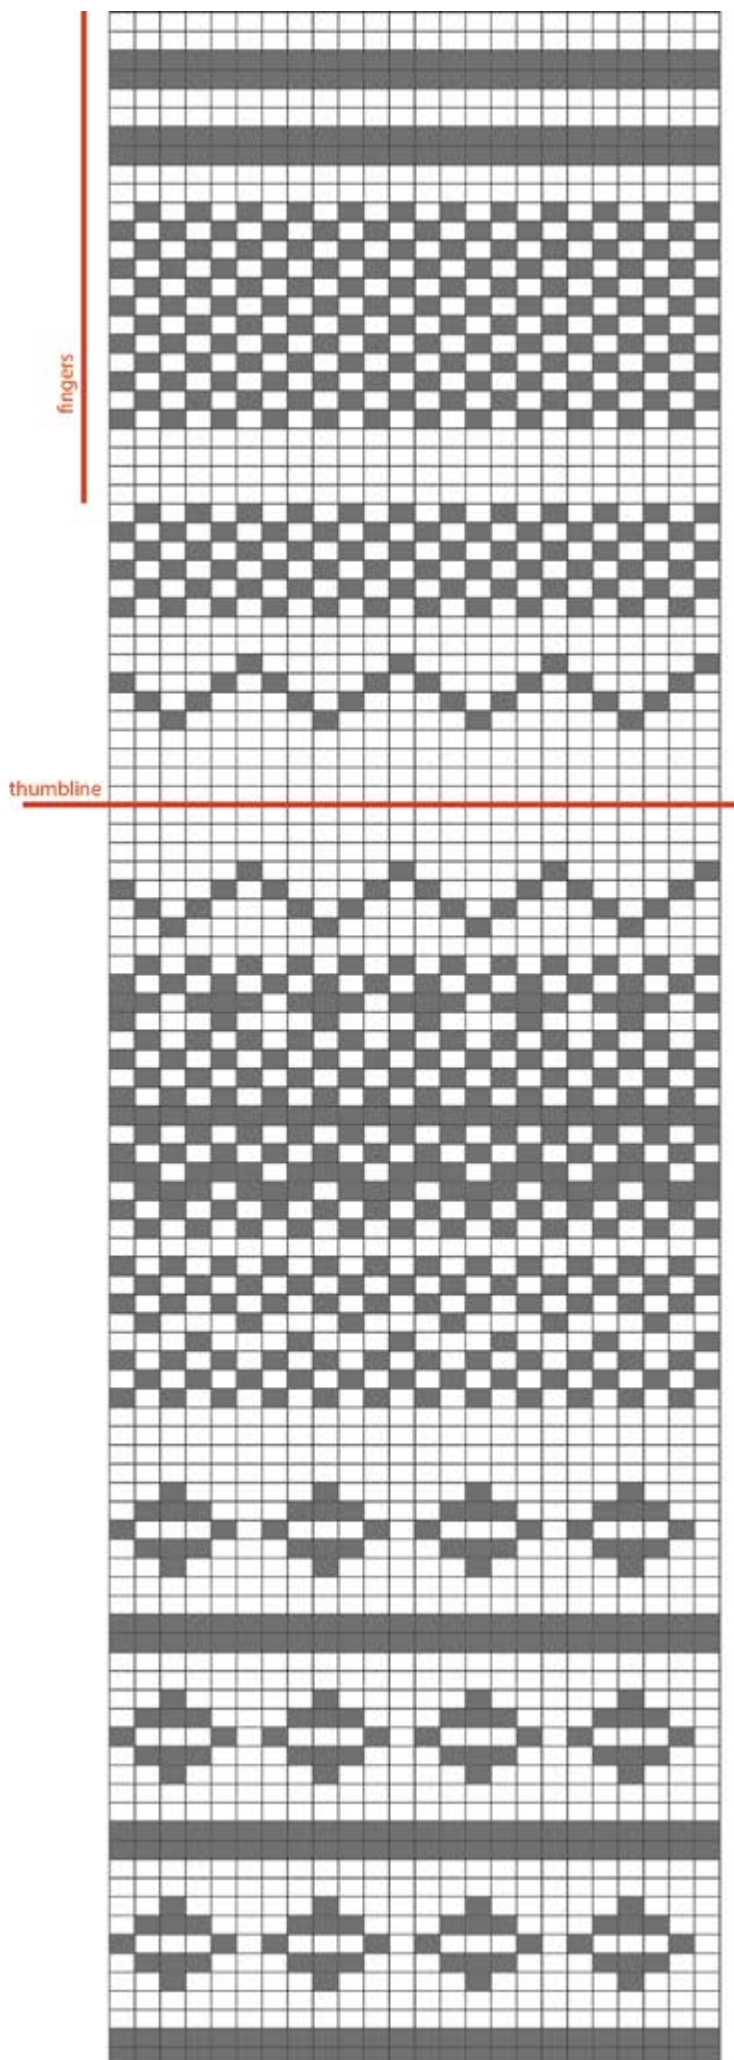

Fingerless mittens with a 20r rib and 74r plain rows between rib and thumb.

Design variations - Jacquard

You can introduce a jacquard to the pattern. Remember to adjust the tension accordingly. To recreate this make a rib of 20r followed by 48r of jacquard plain knit between the rib and the thumb.

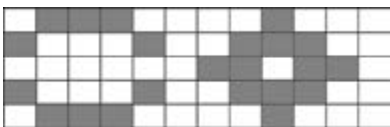

Here's two colour ways with the same punch card. To recreate this make a rib of 20r followed by 68r of jacquard plain knit between the rib and the thumb.

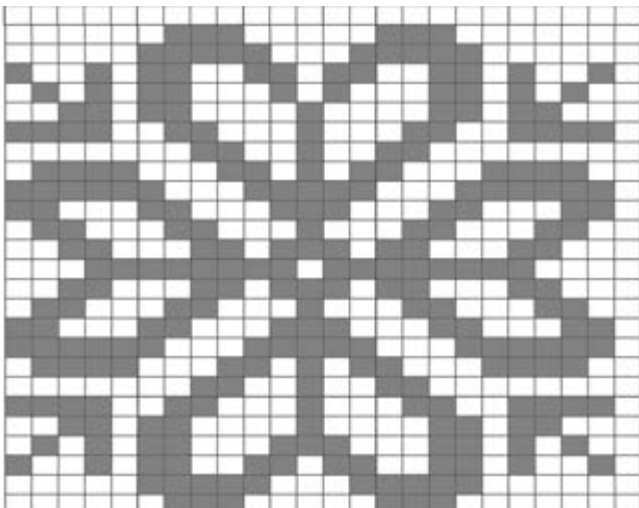

For these gloves we have used three different punchcards for the palm, the back of the hand and the top of the hand. The sections must be taken off with wasteyarn and rehung.

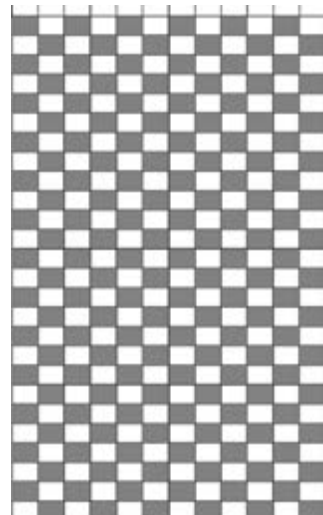

This style follows all the measurements in the pattern on page 2.

Top section of hand

Back of hand

Palm
